Just a couple quick friendly reminders:

- Visit lakeelbo.com and register for the Member's Area page
- Check out the latest news on Facebook or NextDoor (see page 2 for more information)

Thank you to all who add pictures to the Facebook group because I use some for the newsletter 😊

Annual Meeting

The 2022 Annual Meeting was on January 23rd at 1 pm at the clubhouse. Board members updated the general membership on 2021 projects and proposed 2022 projects around the lake.

New Board Members

At the annual meeting, members nominated and elected 2 new board members: Dave Spunaugle and Brent McKeeman. At the January meeting, Danielle Force told the board she would relinquish her position one year early and Jim Lund agreed to fulfill the final year of her position. The current board contact information and positions are below:

Dave Spunaugle – President
- 785-323-7667
- david.spunaugle@gmail.com

Joel Force– Vice President
- 785-564-2855
- joelforce@hotmail.com

Brent McKeeman– Treasurer
- 785-280-9416
- Brentmckeeman303@gmail.com

Jim Lund – Secretary
- 785-532-9850
- JLund@kansas.net

Alan Skidmore
- 785-564-0311
- gianettabrooks@cox.net

Mark Smith
- 785-320-2127
- Mark.Smith@cox.com

R.J. Whitlock
- 785-565-1785
- rjsboat95@gmail.com

Rita Taylor
- 620-546-4657
- drtaylor309@cox.net

Welcome to the Lake: Welcoming Committee

When new members move to our community, they have a lot to learn. In addition to getting settled and meeting neighbors, they also need to know about rules and regulations, governing structure and our Elbo traditions. Jennifer Pishny, Randy Laue and Karen Van Vleet have offered to meet with new members to help them feel comfortable and welcomed in the neighborhood. If you are selling a property, please connect the new owner with a board member for an application. The Welcoming Committee will then reach out to them to offer a meet and greet at the Clubhouse. If you have any questions, call Jennifer at 785-562-6468.

Think Before You Throw

Try to resist the urge to throw large rocks and sticks into the lake. Obviously, around the beach area, these can cause injuries to swimmers. Many of the large rocks around the lake shore and on the dam are intentionally placed to slow erosion. Things in our lake either settle to the bottom or go through the drain tube. Large rocks and sticks can cause issues in the future. Mother Nature and Kansas weather will naturally toss some rocks and sticks to the lake, but we don't need to add extra. So, let's leave them where they are- even when the lake is frozen, and makes a really cool sound when they hit the ice 😊

Spring Work Day

Mark your calendars- Spring work day will be April 23rd. Let's work together to maintain and improve our community! (Details will be on Facebook and the next newsletter.)

Testing the Water

During the summer of 2022, the lake water will be tested to make sure that the water is safe for boating, fishing and swimming. Don't worry- there is no reason to believe that there are any issues, but better safe than sorry! Results will be discussed at a board meeting.
